

Hi Bharat following updates on website

One thing that noticed that on different screen the site border and banners are showing differently

1. On main menu put volunteer tab under Explore .
2. Know more button on landing page at your life of yoga section to take us to HLP page
3. Under service tab - Spiritual guidance page not made
4. Under service – sub menu healing – chakra and emotional healing pages to be done
5. Under course Dhyan yog – when we click enroll there is error we need to create a enrollment form
6. Under course we need to create pages for LLR kids program and Yoga & pranayama
7. Under know yourself page when we click sing up it should open signup form ( forms are on current vimoksh site .
8. Video is missing on HLP page
9. Under functional nutrition page to be made and then another sub page for healthy weight loss & intuitive eating
10. Under explore please rewrite blog tab as blog & Vblog . pages for talk series / podcast to be made . for books we will connect to shoppify books page
11. Remove interact tab .
12. For now hide PICK your pack and KIDS , Adults , couple section

Bharat just to know

1. Possible to have banner option on pages and sub pages
2. in case I want to add or rectify write up on pages can I have excess to do so
- 3.
